

James Millikin Scholars Program
Petition to Waive HN492 Due to Early Graduation

The Millikin Honors Program requires that all JMS students complete 4 credits of HN492 (JMS Seminar) to be eligible for graduation. Normally, this is one credit for each regular academic term that they are enrolled during the traditional Junior and Senior years. Students who plan to graduate early should complete this form to reduce those 4 credits to one credit per regular term that the student is enrolled as a JMS scholar. If the undersigned student does not graduate early as planned, the requirement reverts to the standard 4 credits. Early graduation does not affect the required (6) HN491 Independent Study credit hours.

Student Name (print): _____

Academic Advisor (print): _____

Millikin ID Number: _____

Expected Graduation Term: _____

Number of HN492 credits hours to be waived: _____

To be filled out by the Student's Academic Advisor:

I, the undersigned academic advisor, certify that the aforementioned student is reasonably expected to graduate at the conclusion of the _____ academic term.
